

Boneo Water Recycling Plant

Community Update December 2018

South East Water is committed to keeping neighbours and the local community informed on what is happening at the Boneo Water Recycling Plant (WRP) and we currently have several initiatives underway.

Boneo Major Upgrade

Mornington Peninsula Shire Council issued a Notice of Decision to Grant a Permit for the Boneo WRP upgrade on 23rd November. We are working through the conditions and expect the permit to be awarded in early January 2019.

John Holland Suez Beca (JHSB) will now start to communicate with you directly to ensure you are notified in advance of the establishment of their site office and prior to works commencing.

To ensure you are informed of the construction impacts and timeframes, an information session will be held on Tuesday 22nd January at 4pm in the Boneo Community Hall.

We will continue to engage with neighbours and community groups over the coming months to further discuss impacts during construction. If you would like to speak with members of the project team, please email boneo@sew.com.au and we will arrange a suitable time to meet with you.

Bird Survey

No survey conducted in November.

Connections Yard

The tenant on the property we own at Melbourne Road, Rye has vacated the property and we are now in the planning phase to move the Connections Yard to its new home.

Some remediation works need to be undertaken at the site before this can happen. We are hopeful that the relocation will take place by the end of March 2019 and will keep you updated on our progress.

Once the yard has been relocated, we will engage with you regarding the reinstatement at 710 Limestone Road.
