

## Boneo Water Recycling Plant

### Community Update November 2018

South East Water is committed to keeping neighbours and the local community informed on what is happening at the Boneo Water Recycling Plant (WRP) and we currently have several initiatives underway.

#### **Boneo Major Upgrade**

We have submitted our planning permit application to Mornington Peninsula Shire Council. This has now been advertised and we are expecting a decision on it by early December 2018.

The Environment Protection Authority Victoria (EPA) has recently granted works approval for the project.

Members of the project team attended the Boneo Community Market on Saturday 17<sup>th</sup> November and provided the wider community with an overview and information on the upgrade.

Our contractor John Holland Suez Beca and South East Water will continue to engage with neighbours and community groups in the next few months to further discuss impacts during construction of the upgrade.

Works are still anticipated to commence in February 2019. However, prior to this JHSB will establish their site offices within the Boneo WRP. Neighbours will be notified prior to this commencing.

To ensure JHSB keep you informed, we will be providing them with your email address so they can contact you directly with construction updates.

If you prefer not to receive construction updates, please email [boneo@sew.com.au](mailto:boneo@sew.com.au) and we will remove your email address from the JHSB mailing list.

#### **Bird Survey**

A bird survey was conducted in October. This is the eighth survey since August 2017 to be undertaken in the wetland restoration area, with thanks to Cameron Brown from Friends of Tootgarook Wetland Reserves. During the October survey 31 birds from 10 different species were observed. This brings the total species list to 31.

#### **Connections Yard**

The tenant on the property we own at Melbourne Road, Rye has been given formal notice to vacate the site by the 5<sup>th</sup> December 2018. We will update you next month if this has occurred and if so, what the next steps are to relocate the connections yard to this location in Rye by mid-2019.

#### **Feedback / More Information**

For more information or to provide feedback on any of the above initiatives please contact South East Water at:

Phone: 1800 055 465

Email: [boneo@sew.com.au](mailto:boneo@sew.com.au)

All community updates are now available on our website on the [Boneo WRP Upgrade](#) project page.

### **Mailing list**

To subscribe / unsubscribe to the mailing list for monthly updates on the Boneo WRP please email [boneo@sew.com.au](mailto:boneo@sew.com.au)
