

# Centre Road Water Mains Renewal – night works

## Update on night works in the Clayton area

You might not notice a lot of the work we do because most of it is beneath your feet. Every day, we're maintaining and upgrading the underground infrastructure that keeps water flowing. With some upcoming works in your area you're likely to see us around. Roads which will be impacted are:

→ Centre Road, Clayton (between Prince Charles Street and Clayton Road).

Here's what to expect while we get the job done.

### Planning

- We've finished replacing the 150 mm water mains.
- One large main still needs replacing which will be completed during a construction blitz over two super weekends in May (weather permitting).
- The Zinfra, Jaydo, WSP JV (ZJW) will be delivering these works on our behalf.

### Special information

- Super Weekend 1 of continuous day and night works - 7pm Friday 3rd to 6am Monday 6th May.
- Super Weekend 2 of continuous day and night works - 7pm Friday 17th to 6am Monday 20th May.
- There is no activity on the weekend of the 10th to 13th May.
- We don't intend to disrupt your water and sewerage services.

### Construction

We'll do our best to keep impacts to a minimum however you may notice:

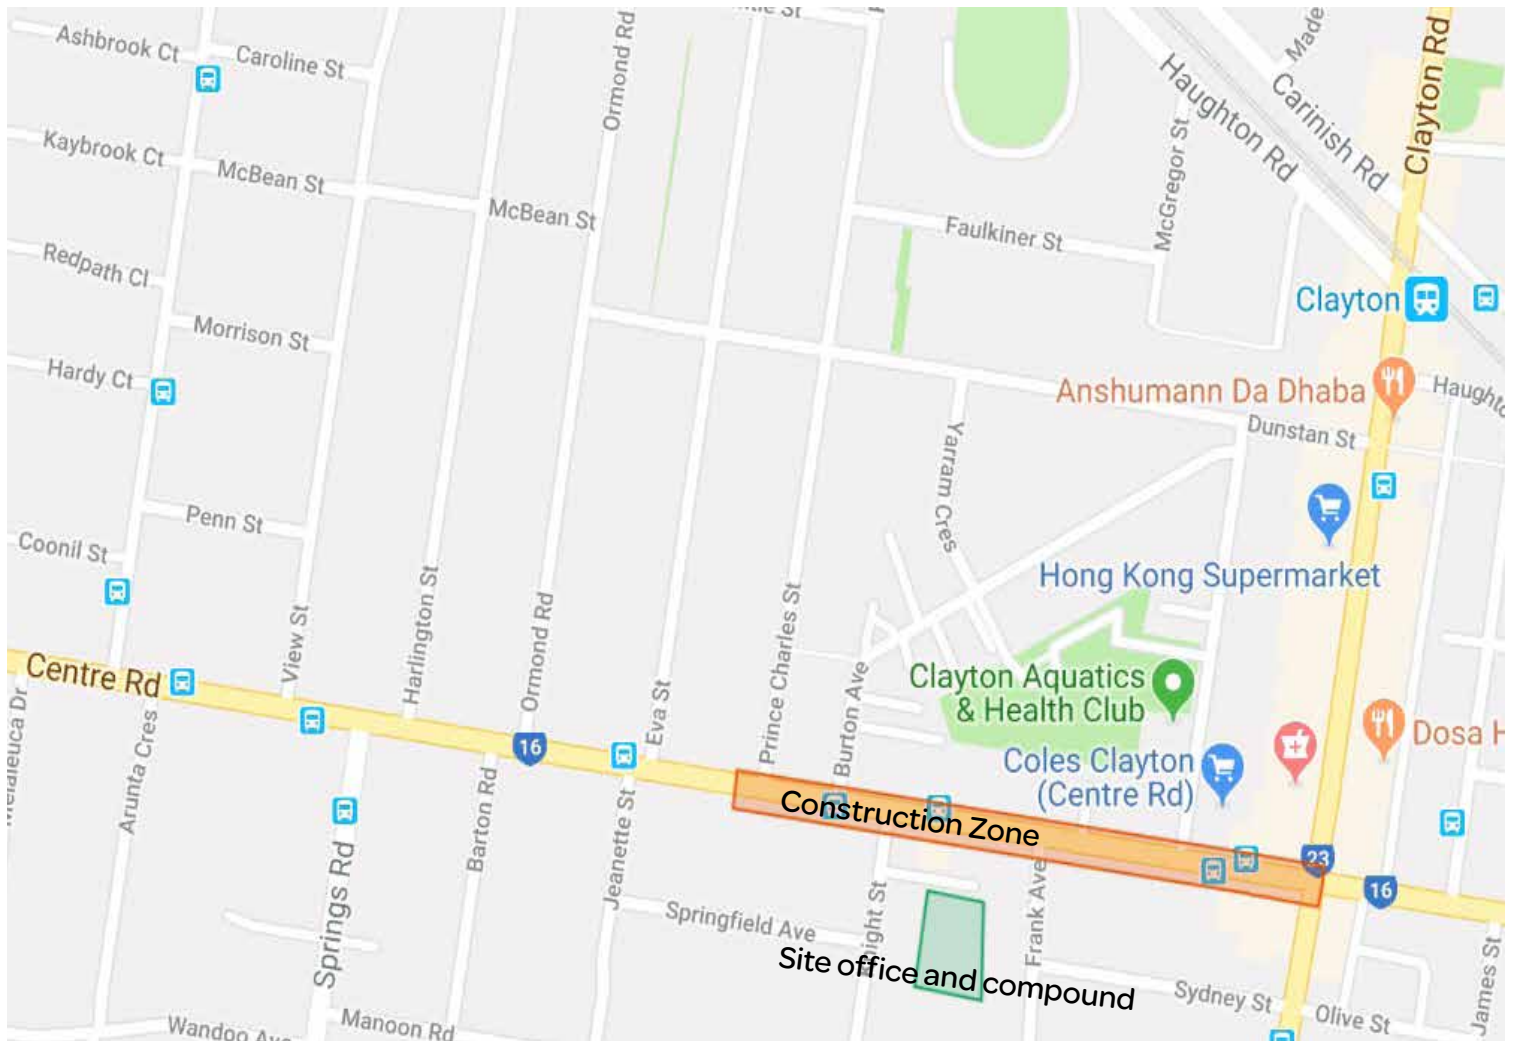

- Increased truck movements
- Limited on street car parking
- Construction noise from heavy machinery, including reversing beepers
- Lights required to illuminate the site
- During works, there will be changed traffic conditions in Centre Road. This may include lane and road closures. Expect traffic delays
- Traffic management to ensure safe pedestrian, bicycle and vehicle movements.

### Timing of works

- Some works will be undertaken during the day between 10 am and 3 pm over the next few weeks leading up to and between the two super weekends of construction in May.
- Occasionally works may be required outside of these hours for safety or technical reasons.
- There will be no night works until the two super weekends of continuous works.

## Contact details

If you would like more information, please contact the Project Team.
