

**South East Water Corporation
Customer Service Solutions Committee Charter**

1. Purpose

The Customer Service Solutions Committee (the Committee) has the powers and responsibilities delegated by the South East Water board to develop, review and monitor South East Water strategies, frameworks, plans and processes for the delivery of services to South East Water's customers, community and stakeholders. The Committee will provide direction and oversight of strategic planning and sustainable delivery of services, to ensure that performance is delivered in an effective, efficient, affordable and environmentally sustainable manner.

2. Responsibilities

The Committee is responsible for:

(a) Customer, Community and Stakeholders

- (i) Reviewing and monitoring the development, progress and effectiveness of South East Water's customer, community and stakeholder engagement approach and activities as well as South East Water's customer experience strategy and activities
- (ii) Providing direction and assessment of the approach to customers, community and stakeholders to ensure that outcomes are fair, sustainable and affordable
- (iii) Reviewing South East Water's brand strategy and monitoring the reputational impact of South East Water's customer, community and stakeholder strategies and practices and any relevant external developments likely to impact South East Water's reputation
- (iv) Reviewing and monitoring the support for specific stakeholders including Aboriginal groups, people facing hardship and recreational users to ensure cultural values and economic factors are considered
- (v) Reviewing and monitoring the delivery of the South East Water Reconciliation Action Plan.

(b) Service Planning and Delivery

- (i) Overseeing the effectiveness of services and monitoring South East Water's infrastructure and asset strategy through regular progress reports against corporate plan targets and progression and completion of major projects
- (ii) Reviewing and assessing the performance of the delivery of services and ensuring innovative and new approaches are considered as part of the delivery of services

- (iii) Reviewing and monitoring strategic procurement performance to ensure the procurement practices are compliant, sustainable and consistent with South East Water's planning objectives and policies
- (iv) Monitoring the key financial and non-financial risks across the responsibility areas of the committee (or as delegated by the Finance Assurance and Risk Management Committee) and reporting on the key risks to the Finance Assurance and Risk Management Committee as required.

(c) Long term Strategic Planning

- (i) Reviewing and assessing performance against the Water Price Regulatory Decision and the review of relevant regulatory policies, issues, submissions and developments
- (ii) Considering the social, economic and environmental impact of South East Water service activities, setting standards and monitoring compliance with South East Water's sustainability policies and practices
- (iii) Ensuring that Aboriginal cultural values are embedded into South East Water's planning and operations, including that South East Water notifies Traditional Owners of planning cycles and engages on areas of interest as identified by Traditional Owners, honouring their status as partners in natural resource management matters and meeting statutory obligations.
- (iv) Monitoring research and development activities, including emerging technologies, industry trends and technology developments and their implications for South East Water and its customers.
